

## PROGRAM MISSION

To develop clinical practitioners who provide advanced patient care services and advances the practice of pharmacy in the community pharmacy setting

## PURPOSE / OUTCOMES

Upon completion of the program, residents will be able to:

- demonstrate proficiency in providing evidence-based, patient-centered medication therapy management
- demonstrate excellence in providing medication and practice-related education and community service
- demonstrate professional maturity by exercising practice management and leadership skills
- demonstrate project management skills by designing, conducting, and publishing projects that advance the practice of community pharmacy
- manage the medication use process to assure, promote, and improve patient safety
- incorporate medical informatics into practice

## PATIENT CARE

### Primary practice sites:

Kroger Pharmacy  
Athens, GA

Village Drug Shop  
Athens, GA

Barney's Pharmacy  
Augusta, GA

### Additional Practice Sites:

Piedmont ARMC AMS Clinic  
Athens, GA

Mercy Health Center  
Athens, GA

UGA College of Pharmacy, Pharmacy South Building

## OTHER LEARNING ACTIVITIES

In addition to patient care, resident's time will be spent working within the following experiences:

**Academics:** Residents are classified graduate students and will receive a **Graduate Certificate in Clinical Pharmacy** upon completion and complete the **UGA Resident Teaching Seminar Program**.

### **Research/ Project Management and Project Publication:**

Residents with preceptor oversight will conduct, complete, and publish results of a major community practice-related project.

### **Community Service / Wellness Screenings and Health Fairs:**

Residents will design, conduct, and participate in a number of wellness opportunities.

### **Practice Management and Leadership:**

Residents will interact and work with a number of practice, academic, and community leaders to help establish improved patient care environments through:

- **Collaborative Practice Development**
- **Immunization Certification**
- **Practice Coverage**
