

**Phoebe Putney Health System** is a not-for-profit integrated healthcare delivery system that serves more than 500,000 residents in Southwest Georgia. Phoebe's facilities, advanced medical technologies and treatments, as well as our highly qualified professionals, have distinguished us as a healthcare leader.

Within the entire Phoebe Family more than 4,000 physicians, employees and volunteers care for patients in 32 counties, keeping primary care close to home to give residents seamless and affordable health care.

**Phoebe Physician Group** is a self-governing not-for-profit entity that includes clinic practices and hospital-based physicians throughout Phoebe Putney Health System. PPG offers common services for employed physicians, including revenue management, practice management, contracting, staff development and more.

**The flagship facility, Phoebe Putney Memorial Hospital** is the region's largest tertiary care provider. With hospitals in four communities, Phoebe offers a full spectrum of care for residents in Southwest Georgia, ranging from outpatient specialty services to some of the most advanced surgical, cardiac and cancer treatments.

Phoebe's leadership has long held to a mandate to keep high quality care and services close to home, and over the years Phoebe has grown into a superior network of health care facilities and technologies, providing cutting edge treatments and research to those we serve.
